TREATMENT GUIDE

An Introduction to your Skin Health

It is recommended that all new clients complete a consultation with your facialist before beginning a journey to healthier skin. Looking at the skin holistically, both your health and skin appearance will be considered to create the balance that's required in order for you skin to function optimally. Your skin concerns will be considered in depth and once your lifestyle and routine has been evaluated a plan will be created to help your achieve the results you require. This appointment can be taken on its own, or combined with your first treatment of up to 60 minutes for you to begin your journey right away.

New Client Consultation 30 mins | £45
New Client Consultation & First 60 Minute Treatment 90 mins | from £120
New Client Consultation & Dermatologist Referral 30 mins | £125

A Consultation is carried out by your facialist, who will analyse and document the skin concerns you have and submit them to Dr John Ashworth. Within 48 hrs Dr Ashworth will then provide informed advice and where necessary a treatment plan.

The Signature Facial

A purely skin focused, hands on facial that is designed to optimise your skin health and appearance. The methods included within the signature facial are designed by your skin concerns and its requirements at the time of your treatment. The aim is to support your skins barrier and to create an optimal environment for it to function as best it possibly can. You will leave the treatment feeling that your skin concerns have been listened to, and you are feeling relaxed and rejuvenated.

DMK Skin Revision - Enzyme Therapy

This treatment works by stimulating the lymphatic system, circulation, and cellular turnover, encouraging the body's natural processes to repair and rejuvenate the skin. It involves the application of a powerful enzyme formula that helps to remove dead skin cells, clear impurities, and detoxify the skin. The enzyme treatment also strengthens the skin's barrier, helping it better retain moisture and protect against environmental damage.
